

Artek is a fast growing lighting solutions company that specializes in representing premium brands from Europe.

We work on a project basis, crafting premium lighting solutions tailored to individual project requirements.

For decades, we serve a creative class of artists, architects, lighting designers, engineers and projects owners. We have been fortunate to supply the most prestigious projects in Africa.

With offices throughout Africa, Artek are fully equipped to support any project whether locally or internationally via our overseas office network.

### **OUR VISION**
